

UNIVERSITY FOUNDATION PROGRAMME IN COMPUTER SCIENCE

OVERVIEW

During your Foundation Programme you will develop the language, learning and communication skills that will prepare you university study in the UK & Australia. In addition, you will study the following key academic subject modules:

▶ Physics

An introduction to the applications of physics and their importance to different fields of human activity. You will also learn the skills required for designing, carrying out and analysing experiments.

▶ Further Mathematics & Mechanics

An essential subject for students wishing to progress to degrees in any engineering field.

▶ Computer Science

You will study a wide range of topics including, Artificial Intelligence (AI), programming, databases, networks, IT security, and web development. The module is practically based with a strong emphasis on applying learning to real life situations.

The course is completed with a project which consolidates your learning and further prepares you for undergraduate study.

WHAT YOU WILL STUDY

English Skills Modules

- ▶ Study Skills
- ▶ Academic English
- ▶ Communication Skills

Academic Subject Modules

- ▶ Core Mathematics
- ▶ Physics
- ▶ Further Mathematics
- ▶ Computer Science & Mechanics

Progression to undergraduate study in the following subjects:

- ▶ Computer Programming
- ▶ Computer Science
- ▶ Information Sciences
- ▶ Management Information Systems
- ▶ Software Engineering
- ▶ Systems Analysis
- ▶ Cyber Security
- ▶ Artificial Intelligence
- ▶ Games Design/Gaming
- ▶ Maths (dependant on university)

Entry requirements

- ▶ Completion of High School in your country with good grades (including Maths & a Science) or 4 relevant IGCSEs at Grade C (4).
- ▶ An English level equivalent to 5.0 in IELTS.
Please contact us for country specific academic entry requirements.
- ▶ Pre-sessional English courses are available for students who do not have the required English level.

Fees and start dates

London: GBP 14,000

Abu Dhabi: USD 13,400

Online: GBP 9,000

Note: Fees are subject to change

Start dates: **September & January**

Courses length: **One Academic Year**
